2015 Gulf and Caribbean Fisheries Professional Development Program

"Building Capacity through Scientific Exchange"

2015 Training Program

We are pleased to offer Caribbean-based fisheries and ocean resource professionals a training opportunity at the University of Florida, USA. The successful candidate will be hosted by Florida Sea Grant, a statewide program that supports fisheries and ocean research and extension. The four-month training will focus on one of the following topics: (1) fisheries management and policy, (2) fisheries stock assessment, (3) data analysis methods or (4) Geographic Information Systems.

This program is not open to students

The Award

The award will include lodging and a stipend of \$2,000 US per month for four months (\$8,000 US). Round trip airfare for the successful candidate also is included. The candidate will be responsible for mandatory health insurance coverage (about \$500 US) and living expenses.

Important Dates

Application opens: November 7, 2014

Application deadline: February 27, 2015

Award notification: April 15, 2015

Program starts: August 15, 2015

Program ends: December 18, 2015

The successful candidate will be matched with Florida Sea Grant-affiliated faculty whose expertise aligns with their professional interests. The selected candidate will apply knowledge gained to advance an ongoing or proposed project of their choosing that is related to a fishery management need identified by their resource management ministry or government agency. At the conclusion of the four-month training the selected candidate will report progress made toward meeting the identified fisheries management need at a University of Florida fisheries and aquatic sciences seminar.

Award Requirements

Applicants must be employed by a resource management ministry or government agency located in a CRFM member state (i.e., Anguilla, Antigua and Barbuda, Barbados, The Bahamas, Belize, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, St. Lucia, St. Kitts and Nevis, St. Vincent and the Grenadines, Suriname, Trinidad and Tobago, and Turks and Caicos). Applicants must possess a bachelor's degree (e.g., BA or BS) or a professional degree (e.g., Juris Doctorate) from an accredited college or university. Candidates must also be fluent in English (written and spoken).

Program Sponsors

Florida Sea Grant; The Caribbean Regional Fisheries Mechanism; The NOAA National Marine Fisheries Service; The Billfish Foundation; the Gulf and Caribbean Fisheries Institute.
